Why be a Sugar Maple sponsor?

- Festival sponsorship is a meaningful way to partner with this growing, family-friendly Madison tradition. Our festival sponsors receive recognition through a variety of marketing efforts that reach both the audience that attends the festival and the general public.
- An emphasis on audience engagement and participation sets the Sugar Maple Festival apart from other outdoor summer festivals. Music performances, play-along jams and close-up educational workshops are presented throughout the festival.
- We believe in building the next generation of musicians by supporting local non-profits, including those that make music lessons accessible to young people and by keeping attendance to kids under 17 free of charge.
- We hope to build long-term mutually beneficial partnerships with organizations looking to support a positive, educational, and cultural experience.
- **Please contact us to discuss the many partnership opportunities that would benefit your organization. We will work with you to find solutions that fit your needs.**
